East Valley Sand & Gravel Co., Inc. Dba Penny Lee Trucking Inc.

Making Snohomish County GREEN

Penny Lee Gutschmidt brings over 30 years of construction experience to her 25 year company, Penny Lee Trucking Inc. Glenn worked for Mowat Construction Co. for 20 years before starting his own bridge building company, and Penny served her apprenticeship with Mowat Construction prior to becoming a journeyman equipment operator and then starting Penny Lee Trucking Inc.

Penny and her partner Glenn Rengen, incorporated trucks into the mix of his Heavy Highway Road and Bridge company. Penny began Penny Lee Trucking Inc. and it has been very successful. With the passing of her partner and best friend, she continues to keep Glenn's dream alive and manage the 50 acre facility north of the Arlington Airport.

A one stop shopping for Contractors and Home owners, providing a large menu of standard construction aggregates and many landscape mixes for different projects. Recycled products provide materials from concrete and asphalt. Preventing them from filling up landfills.

Penny Lee Trucking, Inc. is DOT Certified DBE on federally assisted projects. With the experience and knowledge, our goal is to offer quality service, with good equipment and a solid base to work from.
